

Sahil Ahamad

Aspiring Systems Analyst & Full-Stack Developer

Lucknow, Uttar Pradesh || sahil.ahamad.dev@gmail.com || +91 7571026270 ||

<http://linkedin.com/in/sahil-ahamad-63007a343>

Career Objective

Aspiring Systems Analyst and Full-Stack Developer with a strong foundation in software development, system analysis, and database management, seeking an entry-level role in a growth-oriented organization. Eager to apply analytical thinking, requirement gathering, and full-stack development skills to design, develop, and maintain efficient, scalable, and user-centric applications. Committed to collaborating with cross-functional teams to translate business requirements into technical solutions, optimize system performance, and continuously enhance skills in modern technologies, frameworks, and best software engineering practices.

Education

- **Master of Computer Applications (MCA)** Chandigarh University, Mohali | 2025- Pursuing
 - **Bachelor of Computer Application (BCA)** Era University, Lucknow | 2022-2025
 - **Higher Secondary Certificate (Class XII)** ST Anjani's Public School, Lucknow
-

Internship Experience

Machine Learning Intern

Criterion Tech | Last Semester, BCA

- Developed and implemented machine learning models to solve real-world problem statements using Python.
 - Performed data preprocessing, feature engineering, and feature selection to improve model accuracy.
 - Applied supervised learning algorithms for classification and prediction tasks.
 - Conducted model training, testing, and evaluation using appropriate performance metrics.
 - Optimized model performance through parameter tuning and iterative experimentation.
 - Collaborated with team members to analyse datasets and enhance prediction accuracy.
-

Academic Projects

Food Delivery Website for Local Vendors | HTML, CSS, JavaScript, MySQL

- Designed and developed a responsive food delivery web application to support local vendors not listed on major platforms.
 - Implemented core features including vendor registration, product listings, user authentication, and order management.
 - Integrated MySQL for secure and efficient storage of user, vendor, and order data.
 - Focused on building a cost-effective and scalable solution to help small businesses digitize their services.
-

Personal Portfolio Website | HTML, CSS, JavaScript

- Developed a responsive and user-friendly portfolio website to showcase technical skills, projects, and achievements.
 - Implemented clean UI/UX design principles to create an engaging experience for recruiters and clients.
 - Strengthened personal branding and online professional presence.
-

PDF Answering Chatbot | Python, API Integration, Generative AI

- Built an AI-powered chatbot capable of extracting, understanding, and answering user queries from PDF documents.
- Integrated the Gemini API to process document content and generate accurate responses.

Technical Skills

- **Programming Languages:** Java (Core & Advanced), Python, C++, SQL, JavaScript
 - **Web Technologies:** HTML5, CSS3, React.js, Bootstrap
 - **Databases:** MySQL, MongoDB
 - **Tools & Platforms:** Git, GitHub, Docker, AWS S3
 - **Analytical Tools:** Microsoft Excel, Power BI
-

Interpersonal Skills

- Strong analytical and problem-solving abilities
 - Effective verbal and written communication skills
 - Team collaboration and cross-functional coordination
 - Requirement analysis and stakeholder understanding
 - Time management and task prioritization
 - Adaptability and willingness to learn new technologies
 - Attention to detail and logical thinking
 - Ability to work independently and in team-based environments
-

Achievements & Certifications

- **Participant, Hack Forge 2.0 Hackathon** – Chand Web Technology (January 2026)
 - **Certificate of Proficiency in Microsoft Technology (.NET)** – Workshop organized by Department of Computer Science, Era University, Lucknow
 - **Completed 30-Hour Value Added Course on “Introduction to Happiness”** – Department of Happiness, Era University
 - **Participant, National Youth Day 2024 Guest Lecture on Information Technology** – Department of Computer Science, Era University, Lucknow
 - **Workshop on Python with Flask Framework** – Jointly organized by TekNavigators Pvt. Ltd. and Era University (March 2022)
 - **Participant, Internship Common Aptitude Test (ICAT)** – October 2025
-

Hobbies and Interests

- **Competitive Programming:** Practicing problem-solving and algorithm optimization on coding platforms.
 - **Learning New Technologies:** Exploring emerging tools and frameworks related to software development and analytics.
 - **Open-Source Contribution:** Contributing to documentation and small enhancements on GitHub repositories.
 - **Technical Reading:** Reading blogs and articles on system design, machine learning, and cloud computing.
 - **Personal Projects:** Building small applications to strengthen full-stack and analytical skills.
-
